DATA ANALYSE

The graphic features three distinct data visualization elements. On the left, a pie chart is partially visible behind the letter 'D' of 'DATA', showing segments in green, brown, and white. To the right of the word 'DATA', there is a bar chart with three green bars of decreasing height, each with a small blue double-headed arrow indicating a measurement. Below the word 'ANALYSE', a network diagram is visible, consisting of several brown circles connected by lines, forming a web-like structure.
